

Packing Tips for Mail in Service

- Pack knives carefully in a box large enough so as the knife tip cannot touch the inside wall of the box. This will prevent the knife tip poking through during shipping.
- Wrap each knife blade with newspaper and tape or place rubber bands around knife to secure the paper
- Stuff crumpled newspaper between knife point and inside wall of box

Fill out the Mail in Order Form, Pack your items and enclose a check made out to: **Rich Guzzo A.C.F.**

Mail package with check to: Allerton Creek Farm
